care & support

'Everyone Matters'

Avante Care & Support is a registered charity providing personalised residential care, home care and wellbeing support services.

Avante Care & Support is proud to be a well established not for profit organisation, with an experienced and committed workforce, looking to make a difference through the care and support offered to individuals who choose our services.

Avante Care & Support provides care to over 1000 people. In our care homes we deliver specialist residential dementia and nursing services, including day care and short term respite breaks. Our home care teams provide

a range of wellbeing support services, enabling individuals to maintain independent lives in the comfort of their own home.

Our vision is 'Communities where everyone has a vibrant and fulfilling life'. Our experienced and dedicated care teams spend time getting to know each individual. We ensure the most suitable care and wellbeing support is given that is unique to their needs and requirements.

WHO WE ARE

The staff are brilliant, they are compassionate and caring, they are also respectful, I could not ask for better.

Avante Home Care Support provides care and well-being support in peoples' homes throughout Kent and Bexley.

Our home care assistance offers support with daily living, enabling individuals to maintain independent and active lives.

Our compassionate and fully trained staff provide home care services tailored to your needs, whether you require support with everyday tasks that have become more difficult, need help due to mobility or health-related issues, or are returning home from the hospital.

Avante Care & Support, a registered charity, has two branches of Home Care and Wellbeing Support, one in Bexley covering the whole of the London Borough of Bexley and one in Kent providing services in Swale and Faversham.

OUR HOME CARE AND SUPPORT

Personal care

Individuals living with limited mobility or ill health can often struggle with their personal hygiene. Whether you or your loved one lives alone, or with a partner who is unable to help with the day-to-day routine, we at Avante Care & Support can help.

Housekeeping -

Limited mobility or health issues can make it challenging to clean, for example, or to tend our gardens. Our team is ready to assist with all your housekeeping needs, helping you to enjoy continued independence in your own home.

Medication assistance -

Our home care medication service covers two key aspects of medication. Not only can we collect and deliver your medications from the pharmacy, we can also help you ensure you're taking the right medicines at the right times.

Shopping

Many people assume that home care is exclusively about help with personal hygiene or medication management. We offer a wide range of services to suit a variety of different needs – and one of those is support with shopping and errands.

Cooking support

A healthy, nutritious diet is key to enjoying a happy, healthy lifestyle, and for some it's vital to the management of their condition. With Avante Care & Support, you or your loved one can rest assured there is someone on hand to prepare as many nutritious meals as required, every day.

Light gardening support

Being able to enjoy your garden throughout the year is a key part of your overall wellbeing. We help those who are elderly or have health or mobility issues, providing light gardening services to ensure you can find peace and relaxation in your garden.

Making it easier for residents to have choice and control in their journey of care

Avante Home Care and Wellbeing Support firmly believes in providing communities where everyone has a vibrant and fulfilling life.

The Home Carers deliver care and wellbeing support to people living at home supporting them with maintaining independence, providing care and helping to improve wellbeing allowing people to do more of what matters and keep them connected with others within their communities.

Whether you need support to live in your own home, or assistance in your daily life, we are here for you, 365 days a year. Every care and support package we provide is unique, which is why we ensure our highly skilled care workers are trained to meet your individual needs.

Wellbeing, both physical and mental, is a key focus for our carers, working with the individual to develop their interests and hobbies in turn will improve their wellbeing.

WELLBEING

I have three young children, I work full time and I'm also a carer for my Mum. As her care needs have become greater I've realised I can't do it all.

Avante have lifted the load from me, I now have a better balance as a daughter to Mum and not just a carer. The care and support provided means Mum can go out for the day, or have other company at home allowing me some extra time to spend with my family.

Our Philosophy of Care

The Eden Alternative

The challenges

After a long and active life, older people are often called to face new challenges around loneliness, feelings of helplessness and boredom.

How we can help

At Avante Care and Support, our philosophy of care, the Eden Alternative, enables older people to meet these challenges.

We overcome loneliness by regular contact with nature, animals and people in the community.

We overcome helplessness by providing the opportunity to give as well as receive care.

We overcome boredom with variety and spontaneity.

At Avante Care & Support we believe

Meaningful activities are essential to human health and wellbeing.

Age should not be a barrier to personal growth and learning.

The views of people or their advocates must inform decision making that affects their lives.

Understanding the type of care you need is an important first step

Searching for a Home Care service is not something any of us do every day. Often it can be quite stressful for all involved.

We are here to provide guidance, whether our home care service is right for you or not. With this in mind we have plenty of useful information you can access to help you with making the right choice.

You can find lots of helpful information on finding the right home care on our website www.avantecare.org.uk.

We have an open door policy across both of our offices and you are welcome to visit at any time. Our staff are there to assist with any questions you may have.
